Newly organized salt mine. Lots of impressive salt formations to see and some activities to do, even though the mine golf section and the pool table could use some renovation.

Impressive salt mine. It was turned into a small park with pools/tables, bowling, merry go round, kids playground and a small mini bar with rentable boats. Overall nice experience. It is pretty cool, around 10C, so be sure to have appropriate clothes.

Extremely impressive old salt mine, with a modern decor. There are lots of entertainment opportunities and even a tennis school and a lake you can see boats on. Its around 10°C there, so get a sweater.
